CONDITIONS OF APPROVAL

The Principal Investigator is reminded of the following:-

- 1. GCP training is mandatory for all principal investigators. The Human Research Ethics Committee also strongly encourages GCP training for other associate investigators and student researchers.*
- 2. Prior to commencement of the project, you must contact the relevant RWH Divisional Directors / Department Heads to confirm your actual commencement date. Failure to inform these RWH personnel may jeopardise their approval and support for your project.*
- 3. A Project may commence once the Principal Investigator has received written confirmation that the Human Research Ethics Committee has approved the Project.*
- 4. Substantial changes in protocols must be submitted to the Research/Human Research Ethics Committees for approval.*
- 5. Progress reports must be submitted annually. A request will be forwarded to the Principal Investigator. If no report is supplied, permission to continue the project may lapse.*
- 6. The Research/Human Research Ethics Committees must be notified **IMMEDIATELY** of any untoward or unexpected complications or side affects arising during the project or of any ethical or medico-legal problems that may arise.*
- 7. Consent forms must be available for audit and retained on file for at least five (5) years.*
- 8. Raw data and details of analysis must be retained by the Principal Investigator for at least five (5) years.*
- 9. Principal Investigator **MUST** upon leaving the Institution, inform the Human Research Ethics Committee as to the nominated person to replace him/her.*
