19th October 2017

Dear Gilly,

**Re: CSIRO Health and Medical Human Research Ethics Committee (CHM HREC)
Low Risk Review Panel - Proposal 13/2017 Amendment 1**

“VegEze: The development and efficacy of a mobile app to increase variety and intake of vegetables”

Thank you for the request to amend the protocol for the above study to change the title of the study from: ‘3V@T: The development and efficacy of a mobile app to increase variety and intake of vegetables’ to the title shown above. I am pleased to grant approval for this amendment

Please note that this approval expires 31st December, 2018, the completion date nominated by you. The CHM HREC must be informed of any significant alterations to the protocol or to the completion date. Please contact the CHM Research Ethics Co-ordinator for procedures for reporting of a serious adverse event relating to the study.

At the completion of the study it is a requirement that a report be completed by you and submitted to the CHM HREC. Where a study exceeds 12 months duration, a report must also be submitted at the end of each year. A copy of the report form can be obtained from the MyCSIRO Human Research Ethics webpage.

We wish you success with your study and thank you for your application.

Yours sincerely,

A handwritten signature in black ink, appearing to be a stylized name, possibly "Gilly", written over a light blue horizontal line.
